

## **Regulated and Hazardous Waste**

Regulated and hazardous wastes are collected from departments and legally disposed of by Environmental Health and Safety. To arrange for collection of regulated and hazardous waste listed below, contact:

Alvin Shoemaker  
Hazardous Waste Manager  
Environmental Health and Safety (EHS)  
619-594-6778

- Aerosol Cans
- Automotive Waste
- Batteries
- Cleaning Products
- Electronic Waste: computers, monitors, televisions, other electronic devices
- Fluorescent lamps and ballasts
- Laboratory Chemicals
- Oil: Automotive and Mechanical
- Paints, Solvents, Thinners
- Toner cartridges: printer and copier

Of the above items:

1. Library **toner cartridges** are recycled by Copy Services' vendors. Copy Services will pick them up from the units.
2. IDT is a collection point for used **batteries** (including used UPS batteries) and **aerosol cans**. All units can send or bring them to LL-453. Operations Support/InfoSys Service Desk will make the arrangements for EHS pickup from IDT for item 2 every month on the first work day.
3. IDT is the collection point for **electronic waste**. Computers, monitors, televisions, scanners, other electronic devices need to be cleared of data and off Library inventory before going to MMO. All units can send or bring them to LL-453. Operations Support will make the arrangements for MMO pickup from IDT for item 3 every couple of months on the first work day.
